Expression of Interest

DPCC is in process to strengthen the ambient air monitoring infrastructure for monitoring of PM 2.5, PM 10, SO₂, NO₂ and CO and to procure portable/hand held instrument for the purpose.

The manufacturer of such instruments which measures all or any or few of the above said parameters are invited to express their interest to supply .

The manufacturer shall submit detailed specifications of its instrument along with approvals/certifications of method of measurement (principle and methodology) adopted by the instrument.

The manufacturer shall submit list of the clients, if any, to whom the instrument has been sold. Availability of facility for servicing and calibration in India may also be indicated.

While finalizing expression of interest, DPCC may also offer an opportunity to the manufacturer for making a technical presentation /demonstration of its system.

Expression of interest may be submitted, latest by 23rd March 2016 in sealed cover to Member Secretary Delhi Pollution Control Committee, 5th floor ISBT Building complex, Kashmeere gate Delhi 110006.
