

PNG SUCCESS STORY

In an endeavour to curb air pollution in Delhi, and in compliance of the direction issued on 02.07.2019 it was decided that all the units having furnace, boiler, paint-booth, etc. where were using HSD or other approved fuel notified by Delhi Govt. shall switched over to PNG.

The notices were issued to 1548 such industrial units to convert their unit on PNG immediately. As a result of concerted effort of DPCC and other offices **1224** industrial units are running successfully on PNG and **208** industrial units are in the process of conversion into PNG. **116** units who have failed to convert their unit on PNG were closed down by DPCC.
